Information Sought (जानकारी मांगी):	I am an Indian citizen . I am one of the end user of services and buyer of goods amongst crores of Indians who are ultimately paying CENTRAL EXCISE DUTY(ON PETROL & DIESEL) GOODS AND SERVICE TAX /CUSTOMS DUTY (which is a milestone in the economics landscape of India)to the Union Government Of India. THE RTI ACT 2005 is a big step towards making the citizens informed about the activities of the Government. It goes without saying that an informed citizen is better equipped to keep necessary vigil on the instruments of governance and make the government more accountable to the governed. Needless to say that doing proper use of the RTI Act 2005 by the people will speed up development and bring transparency in the administration. Accountability is an assurance that an individual or organization is evaluated on its performance or behavior related to something for which it is responsible. Transparency implies openness, communication, and accountability. Another way of looking at transparency: not hiding anything. The right to information is a fundamental right. In 1976, in the Raj Narain vs the State of Uttar Pradesh case, the Supreme Court ruled that Right to
